

Joan Clark's

Moon Goddess Retreat

*In the beginning she was Queen of all things.
Mistress of the house of wisdom,
Goddess within and without.*

She is beauty.

She is instinct.

She is inspiration.

She is strength of mind, body, and spirit.

She is the origin of all good.

She is Mother of Life.

She is the light of knowledge.

She is the power of love.

She is all we have ever been.

She is all we are and all we ever will be.

She is each of us.

She is you!
